Note:

Brahmi alphabets have evolved for centuries. There is Ancient Brahmi, Maurya Brahmi, Ashokan Brahmi, Sung Brahmi, Kushan Brahmi, Kshatrap Brahmi to Gupt age Brahmi - though the change is not that drastic - there are certain letters which have changed their *character* as time passed by.

Brahmi characters on Your coins may not be exactly as above.

Thank You Very Much For Viewing.

Hope this is helpful. Kindly give your comments.

Since this is the first try, there are possibilities of errors, which may kindly be brought to notice to further improvement.
